

ANTHONY STEPHAN

Senior Android
Developer
(7 years of xp)

Contact

 anthony.st91@gmail.com

 06 86 89 46 42

 Region of Paris (West)

Skills

Android apps devel.

- Java (7y xp)
- Kotlin (2y xp)

Android Jetpack

- Room, WorkManager
- ViewModel, Navigation...
- Lifecycle, LiveData...

Android tests

- Junit, Mockito
- Espresso, Roboelectric

Libraries & tools

- Firebase, Crashlytics
- Retrofit, OkHttp, Moshi
- RxJava, Glide...

CVS tools

- Git, SVN
- Github, GitlabEE

CI / CD tools

- Jenkins
- Gitlab CI / CD

Operating systems

- Linux (Fedora, Ubuntu)
- Windows 7/10, MacOS

About me

Passionate about Android development (7 years of experience), new technologies & 3D printing, I'm looking for a mission that allows me to combine challenge, innovation and creativity

Experiences

- Jan. 2020 **Senior Android Developer (freelancing) [Kotlin / Java]**
Freelancer, Region of Paris (west), Boulogne, La Défense...
- Specialized in Android development for smartphones, tablets, WearOS, Android Automotive...
- Favorite sectors: automotive, e-health, environment
- June 2016 - today **Developer of 'Printoid for OctoPrint' (self-employed) [Kotlin]**
Self-entreprise, 78160 Marly Le Roi
- Conception & development of Printoid, Android app to control remotely all the 3D printers of the market.
- Publication on Google Play, marketing & website management (<https://printoid.net>)
- Fev 2018 - Dec. 2019 **Senior Android Developer [Kotlin / Java]**
Renault-Nissan-Mitsubishi Alliance, 92100 Boulogne-Billancourt
